

Re: The TOYT Dispenser

I am a loyal customer of your store, committed to purchasing environmentally friendly products. Recently I was introduced to a fantastic product that has positively impacted the oral health care of myself, my family, and friends. I am requesting that your store carry the TOYT Dispenser and Floss refills. These products are great for both children and adults. While I can purchase them on-line at toytdispenser.com, having them in a store near my home and work where I frequently shop would be much more convenient. I know that other consumers would appreciate this as well.

Thank you for considering my request and I look forward to purchasing my TOYT products in your store!

Sincerely,
